

Voted #1 brand of custom cabinetry by 1,200 of our nation's top interior designers.

Wood-Mode Cabinetry: Live the Difference!

- 1. LIFETIME LIMITED WARRANTY** Wood-Mode cabinetry. Built to last a lifetime. A new kitchen is something most people do only once in a lifetime. Wood-Mode's superior quality cabinets offer the ultimate assurance that once is enough. Seldom needed, always honored.
- 2. BAKED-ON FURNITURE-QUALITY FINISHES** Each of Wood-Mode's multi-step finishes is designed to highlight the beauty of the wood, and all are protected with a catalyzed baked-on varnish finish for lifetime durability.
- 3. BLUMOTION® SOFT-CLOSE DRAWER SLIDES** Full-extension under-mount drawer slides—for a wider interior storage space—with the new Blumotion® soft-closing action and special stops to prevent the drawers from being pulled out.
- 4. EUROPEAN SOFT-CLOSE HINGES** Fully concealed hinges provide superior access to items stored inside the cabinetry.
- 5. HEAVY-DUTY DOVETAILED DRAWERS** Wood-Mode begins with the most durable of materials, solid maple, building drawers for a lifetime of uninterrupted usage.
- 6. FURNITURE-GRADE WOODS** Only the finest woods are selected to ensure superior quality such as cherry, knotty cherry, walnut, maple, heartwood maple, oak, quarter sawn red oak, bamboo, knotty alder and pine. In addition to these wood species, decorative rattan, herringbone, olive ash burl, and bird's-eye maple veneers are available as inserts.
- 7. SHOWROOM WITH DISPLAYS** You can take comfort in knowing that our professional designers are specially trained to help solve the unique design and storage needs of your home environment. Working within your budget requirements, you'll receive design and installation assistance from our experts whose primary goal is your complete satisfaction.
- 8. ENGINEERED ACCESSORIES** For a kitchen, bath or wardrobe that is as functional as it is beautiful, Wood-Mode and Brookhaven offer a variety of built-in storage and convenience features that unite elegance and efficiency from chef's pantry's, corner access systems, appliance garages to pull-out storage solutions.
- 9. ADJUSTABLE LOCKING SHELVES** This feature provides you with the ability to rearrange your cabinet space to easily fit tall or large items, placing them easily within reach.
- 10. ALL FINISHES** are applied at the factory, never in your home.

Buy It Right The First Time!

Your kitchen is the single, largest investment that you will make for your home. Eliminate the stress of working in a kitchen that doesn't function properly and ages before its time.

Take into consideration Houston's unique environmental conditions. The humidity coupled with the extreme heat is brutal to job-built and standard builder-grade painted or stained cabinetry.

However, Wood-Mode custom cabinetry is distinctly different. It all starts with lumber processing at Wood-Mode's highly integrated manufacturing facility. Wood-Mode's own kilns perform an intensive lumber drying process that achieves the optimum moisture content required for the necessary stability of its custom cabinetry, furniture and architectural elements. Age-old craftsmanship is combined with the precision and accuracy of modern technology to provide meticulous control throughout the manufacturing process. Wood-Mode's multi-step finishes are designed to highlight the beauty of the wood, and all are protected with a catalyzed baked-on varnish finish for lifetime durability.

Buy it right the first time ... enjoy it for life!

For your home. For your life. For your environment.
